The Statue of Liberty

New York City – The Statue of Liberty, a gift from the people of France to the United States, has stood in New York Harbor since 1886 as a symbol of freedom, hope and opportunity. Designed by Frédéric Auguste Bartholdi and built with the help of Gustave Eiffel, the statue welcomes millions of visitors each year and remains one of the world's most iconic landmarks.

The copper-clad statue, with its torch held high, is more than a monument – it is a universal message of liberty and a reminder of the enduring ties between nations. From its pedestal on Liberty Island, it continues to inspire generations from around the globe.

"Liberty is not a destination, but a journey for all."

Street food and Food trucks

From New York to Tokyo, street food and food trucks bring people together. They serve up authentic flavours, bold ideas and a true taste of local culture. What started as simple meals on the go has grown into a global food movement, loved for its variety, creativity and accessibility.

Good food has the power to connect people – everywhere, just like a great story.
